Continuum

A Monthly Risk Brief, Built for You

Each month, we brief you on the risks that matter to your business.

- **Tailored to your markets, sector, and licences**
- **Regulatory and threat developments that affect you**
- **Clear actions, not long reading**

Risk changes monthly. Your briefing should too.

Continuum

Quarterly Reviews With Management

Each quarter, we sit down with leadership to review the full risk picture.

- **Which risks have moved since last quarter**
- **Which controls have weakened**
- **Which new exposures have appeared**

Risk stays on the management agenda.

Continuum

Review Contracts Before You Sign

New agreements often carry hidden risk.

Unusual liability and indemnity terms flagged

Counterparty compliance checked

Issues raised before the deal closes

The cheapest dispute is the one you avoid.

Continuum

Support in the First 48 Hours

The first two days of an incident shape how it ends.

- [x] **Assess the situation quickly**
- [x] **Decide who needs to know, and when**
- [x] **Set out clear immediate steps**

A clear plan beats improvising under pressure.

Continuum

Refresh the Full Programme Each Year

As the company grows, the risk picture changes with it.

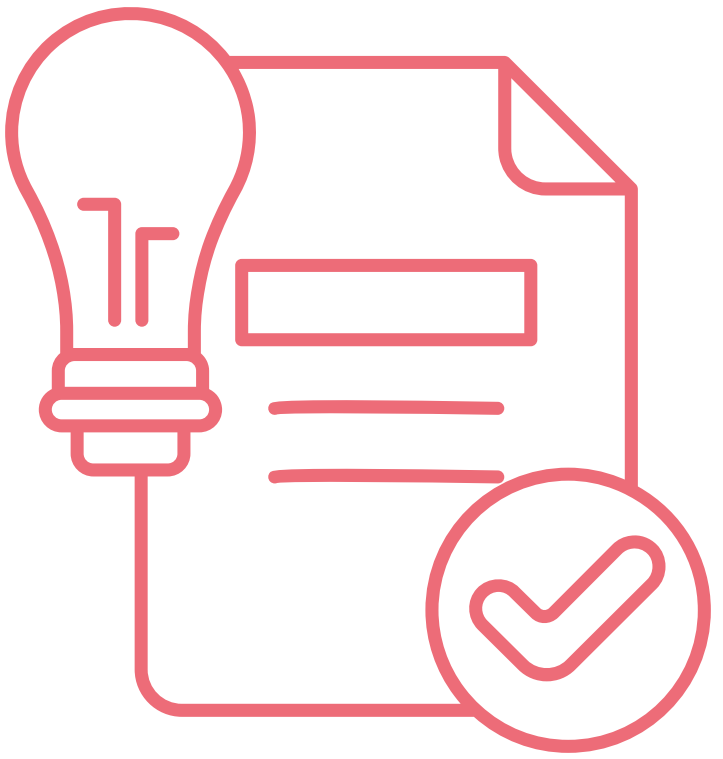
- **Update the full risk register**
- **Retest existing controls**
- **Reset priorities for the year ahead**

A programme that isn’t refreshed goes stale.

Continuum

Risk Doesn’t Wait for the Next Hire

Retained Risk Advisory gives you a risk function from month one.



Your risk function can start this month.
